Farm description

This investment involved the acquisition of the Bonathaba and Zwartfontein farms which are situated adjacent to each other in the Lady Loch area between Malmesbury and Wellington in the Western Cape. The soil and climate are ideal for growing table grapes and citrus and the Cape Town Harbour is in close proximity. The development plan involves almost doubling the productive hectares of the farms. Infrastructure will also be expanded/upgraded to deal with the expansion. This will create a large-scale, sustainable citrus and grape operation where over 600 jobs will be retained and more than 200 new jobs created.
